

WESTWOOD NEIGHBORHOOD COUNCIL

June 10 , 2026

Agenda Item # 12

Ohio Safety & Mobility Project

Whereas the Westwood Neighborhood Council supports safety for all; and

Whereas the WWNC passed a motion to support the project only if lefts turns are permitted at all the signal intersections between Westgate Avenue and Westwood Boulevard; and

Whereas the current design for the project will not include left turns at the signal intersection; and

Whereas the Ohio Avenue Coalition, which consists of community organizations in both council district 5 and council district 11, will file an appeal of the project with the Board of Public Works; and

Therefore, as the WWNC does not support the current design, the WWNC supports the appeal and authorizes the Ohio Avenue Coalition to add WWNC to those organizations that support the appeal.
